

Biotest Laboratories Pty Ltd Environmental Testing On DV1

The environmental high volume air samples & surface swabs were performed on 22nd July 2008 within the facility of the Cleveland Visitor Villas Motel, 214 Bloomfield Street, Cleveland QLD. Samples were taken before & after treatment of the villas with the DV1 device for 10 minutes.

As you can see from the results there is a remarkable **96.5%** reduction in bacteria & fungi in the room atmosphere after the DV1 device was applied for 10 minutes with a fan circulating the air .

Present for Testing

Fiona McNicol - B.App.Sc(Biotechnology), Microbiology Manager

Gerhard Kempe - Managing Director, Golonaise Pty Ltd
